PROSITES EXHIBITING NEW WEBSITE DESIGNS AT THE YANKEE DENTAL SHOW IN BOSTON ON JANUARY 24-28TH

Temecula, CA – January 16, 2007 – ProSites, Inc., the nation’s leading provider of high quality website design and Internet marketing services for medical and dental professionals, is exhibiting at the Yankee Dental Congress 32 Meeting on January 24th - 28th in Boston, Mass. ProSites will be located in the Hynes Convention Center in Booth **#333**.

Utilizing a new booth design that doubles its previous 10x10’ exhibit configuration, ProSites will be using the additional space to conduct more website demonstrations to their prospective clients. The company will be showcasing its new website designs and new page options; including a Quick Contact Form and an Online Appointment Request Page that will help streamline patient communication and online appointment requests. Booth guests will have the ability to utilize ProSites’ exclusive WebEngine technology onsite, and take a free test drive to see their actual website before making a purchasing decision. This unique opportunity to “try-before-you-buy,” is what differentiates ProSites from its competitors.

In addition to reduced monthly hosting prices, this year’s booth will showcase ProSites’ new website styles and graphics which have been designed to appeal to a larger dental audience. ProSites will be offering more giveaways to prospects just for stopping by the booth, including free Starbucks gift cards to dentists who present a ProSites marketing mailer in person.

“This show is a great venue for us to reach the New England dentists and offer them a personalized tour of our broad capabilities,” said ProSites CEO Lance McCollough, “We want doctors to see how powerful and effective a strong online presence can be in attracting new patients to their practice, while educating and improving communication with their existing patients,” McCollough said.

The Yankee Dental Congress (YDC) is the annual conference & exposition of the New England dental profession and features advanced programming presented by leading professionals in the field. Dental professionals from all over New England, the Northeast, the United States, and abroad acquire the latest information, network with colleagues, experience product demonstrations, learn cutting-edge techniques, and earn continuing education credits. More information is available at <http://www.yankeedental.com>.

About ProSites

ProSites, Inc. is the nation’s leading provider of high quality website design and Internet marketing services specifically tailored to the needs of medical and dental professionals. The company’s exclusive WebEngine technology fully automates the creation of high-end, graphically compelling websites that help doctors to market their practices on the Internet and attract new patients. In addition to an excellent collection of patient oriented content, the websites also include interactive features that help streamline patient communications and online appointment requests. Headquartered in Temecula, California, ProSites is a privately held corporation. For more information visit www.prosites.com or call (888) 932-3644.
